

Plan

ART CENTER OF FRELIGHSBURG

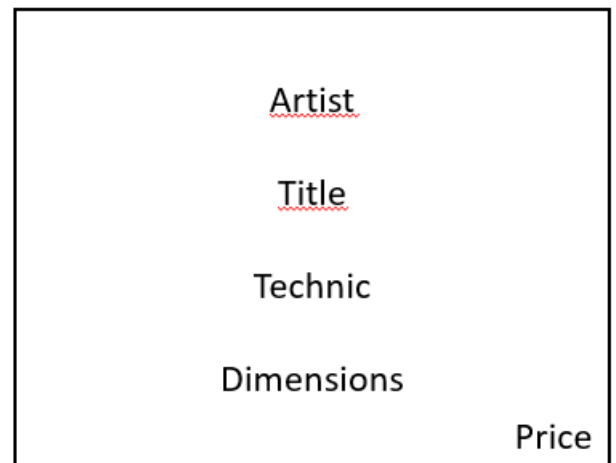

2nd floor, not suitable for people with reduced mobility

- Windows facing South
- All walls are painted white
- DEL light rails for lighting
- System of fasteners suspended on rails
- The height of the gallery is 3.07m, there are slats of wood from the floor to a height of 1.11m
- A thermostat right in the middle of the wall

IT IS NOT ALLOWED TO NAIL OR SCREW YOUR HANGING SYSTEM

- For the hanging, there will be a person present to help you. There is a stepladder and, in the center of the village, a RONA hardware store, if you are missing something.
- Each work must be accompanied by its label (Arial 12 pts typeface). The labels must present the following information: name of the artist, title of the work, technique, dimensions and price (see diagram).
- Sticker only for cartels
- The artist, at the time of hanging, a list of the works in duplicate, with title, dimensions and requested prices.
- The artist must install the hanging system behind his works to accommodate the hanging fastening system of the room.

- Ideally, the anchor points should be placed as high as possible on the rear side edges of the artwork, but low enough so that the hook (see photo) is hidden behind the top of the artwork; supported in the center with the finger, the wire should not be more than 3 to 4 cm.
- The maximum weight that the rail suspension system can support is 34 kg per 2 meters of rail.
- The Frelighsburg's Art Center takes an 18% commission on sales.
- For the hanging, there will be someone present to help you with your advertising, its costs and the costs of your opening, which must be held on a Sunday between 2 p.m. and 5 p.m.

Cartels : 8,5 X 6,5 cm
Typo: Arial 12 pts
